

# Power structure

Power structure is a term that describes the hierarchical distribution of authority and influence within an organization. It encompasses the formal power that comes with job titles and positions, as well as the informal power that arises from personal relationships, expertise, and access to critical resources. Power structure defines who makes decisions, who has a say in those decisions, and how conflicts are resolved.

## **Evolving Pacific Power Structure:**

**The Evolving Pacific Power Structure** Derek Da Cunha, 1996 There has been too complacent a view that contends that the next century the so called Pacific Century will see power essentially defined in an economic sense This book questions that notion by examining the evolving structure of power in the Pacific t takes the view that while economics will have an increased weight in the power equation military strength will still be a defining feature The essays in this volume provide crisp analyses of a balance of power the notion of a security architecture and regional defence dilemmas They then examine the shifting roles of the four major Pacific powers China Japan Russia and the United States all of which will essentially shape the future of the Pacific in the next century

**The Many Faces of Asian Security** Sheldon W. Simon, 2001-08-21 Political developments in the post Cold War era the intensification of globalization and the rapid spread of technology are forcing a reevaluation of the meaning of security Traditional security is no longer the singular concern of the world powers and new forms of security have become relevant to a growing number of countries The Many Faces of Asian Security provides a comprehensive assessment of these developments in the Asia Pacific region The book begins with an examination of traditional security concerns military capabilities balance of power territorial and resource disputes the effects of new technologies on military strategy and the problems involved in maintaining sovereignty in the face of globalization It then introduces the new security issues that have become important in Asia since the end of the Cold War economic and financial stability in the wake of the financial crisis the spillover effects of environmental degradation human rights and political stability and the impact of transnational crime Eleven leading specialists on Asia evaluate the types of and approaches to Asian security that have been emerging over the past decade Their wide ranging and incisive discussions will be of interest to policymakers scholars and students alike

**The Making of the Asia Pacific** See Seng Tan, 2025-10-01 This illuminating volume critically surveys the power of narratives in shaping the discourse on the post Cold War Asia Pacific The author examines the purposes practices power relations and protagonists behind policy networks such as the Council for Security Cooperation in the Asia Pacific and the Pacific Economic Cooperation Council

[Sustaining a Resilient Asia Pacific Community](#) Kiran Sagoo, Wilmar Salim, 2009-03-26 Coming out of an established international graduate student conference organized by the East West Center this book presents selected papers written by graduate students from different fields of study After identifying historical or contemporary issues in each field these papers propose a framework for resolving these issues whether through global commitment regional cooperation national policy or local knowledge and practice The unifying thread of this book is sustaining resilience in the Asia Pacific We acknowledge this perseverance and try to sustain and disseminate it so that other communities may learn from these practices and experiences Generally a volume like this would address the challenge of this region from a security economics or political perspective This book hopes to add to the literature on resiliency by addressing these issues from a multidisciplinary and multilevel perspective
