Sixty Days with Luke Larry Althouse, Valere Althouse, 2010-11 The purpose of this book is to help the reader to spend sixty rewarding days in the Third Gospel following a schedule of readings taking the reader through Luke s 24 chapters All too often the Gospels are experienced in bits and pieces This book will expose the reader to the whole Gospel of Luke providing a fuller sense of the scope and continuity of this marvelous tract of faith The daily interpretations are intended not as exhaustive expositions of all that is intended by the various passages but as meditations suggestive of contemplation musing pondering reflection study or thought With each day s reading and meditation there is a daily suggestion of a thought to ponder and prime the pump of the reader s own mind and heart Stimulated by these thoughts and questions readers may find the Holy Spirit leading them to what is important and relevant for their own lives Each day ends with a prayer starter intended to suggest the direction in which the readers own prayers might be directed No Amen is added because they are intended to be open ended for the reader to complete The study and prayer sections are equally important **The Gospels**

Oral-Scribal Dimensions of Scripture, Piety, and Practice Werner H. Kelber,Paula A. Sanders,2016-09-30 In April 2008 a conference was convened at Rice University that brought together experts in the three monotheistic religions of Judaism Christianity and Islam The papers discussed at the conference are presented here revised and updated The thirteen contributions comprise the keynote address by John Miles Foley three essays on Judaism and the Hebrew Bible three on the New Testament three on the Qur an and two summarizing pieces by the Africanist Ruth Finnegan and the Islamicist William Graham respectively The central thesis of the book states that sacred Scripture was experienced by the three faiths less as a text contained between two covers and a literary genre and far more as an oral phenomenon In developing the performative recitative aspects of the three religions the authors directly or by implication challenge their distinctly textual identities Instead of viewing the three faiths as quintessential religions of the book these writers argue that the religions have been and continue to be appropriated not only as written but also very much as oral authorities with the two media interpenetrating and mutually influencing each other in myriad ways
