**Rapid Instructional Design** George M. Piskurich, 2000-02-10 Get it done fast and get it done right You re busy You don t have the time or the need to wade through the theory of a traditional instructional design book But you do need a basic understanding of what instructional design is and a hands on to the point method of ensuring that the training and performance interventions you put into place meet the needs of your staff and your organization Right This book is what you ve been waiting for If you have any involvement in training or HRD at all you ll find this guide to understanding and creating quick and effective training designs an asset to your work This is the book is for you if You re an occasional instructional designer As a subject matter expert you are from time to time called upon to not only deliver training but to create it This book will teach you what ID is and why it s important Plus you ll find the basic instructional design methodology helpful in quickly creating effective training You re a temporary instructional designer Perhaps you ve taken a position as a training professional in a strategic career move or maybe you ve just found yourself in the position of providing

training for your organization because you're good at it. Either way you may not be sufficiently prepared for your new responsibilities so you'll appreciate the comprehensive set of tools this book gives you to work with everything from analyzing your company's training needs to evaluating programs to make sure those needs have been met. You're a seasoned designer. You already know how to design well but you want a guide that will give you new ideas and methods fast. You're not a designer. You may be a manager or an administrator who determines when training is needed or purchases it from outside vendors. You still need an understanding of what instructional design is and you need to know what your options are. You'll learn about the various delivery methods from traditional classroom instruction to Web-based training and much more. Respected consultant and author George Piskurich has included input and commentary from practitioners and trainers in this one-of-a-kind guide. Find out how these methods are applied in real-world situations and how you can put them to work for you. *Encyclopedia of Information Science and Technology, Third Edition* Khosrow-Pour, D.B.A., Mehdi, 2014-07-31. illustrations Online Learning Nada Dabbagh, Brenda Bannan-Ritland, 2005 Jill couldn't help falling for Todd. He was handsome, charming, and they had incredible chemistry, but he had a wife and they had an arrangement. Learning to live in a poly-amorous relationship was different for everyone involved. But they adjusted. Then entered Dean Witty, romantic and entirely available to be Jill's alone. He swept Jill off her feet in a way that would have answered her desires, but now only left her confused. A marriage proposal from Dean brought even more questions. Could Jill learn to be the one? **Annual Proceedings of Selected Research and Development Presentations at the ... Dessinger, 2006-04-17 Boost productivity and productivity with a real world improvement model. In today's economic climate, organizations are grasping for ways to improve efficiency and reach higher levels of performance without cutting into budgets. *Performance Improvement Interventions: Enhancing People, Processes, and Organizations through Performance Technology* is a comprehensive guide to doing more with less. From job analysis, personal development, and communication to organizational design, human resource management, finance, and more, this book provides salient guidance on real world solutions based on the International Society for Performance Improvement's Human Performance Technology model. **The Action Learning Guidebook** William J. Rothwell, 1999-05-28 Make training more REAL than ever before. You've got groups facilitated by managers or team members conducting project planning and problem solving. You've got relatively few formal trainers and instructors. In this modern team-based environment, how can you ensure that groups develop the skills and knowledge they require? You want training solutions that are problem-oriented, goal-based, and work-related. You need *The Action Learning Guidebook*. With action learning, no one ever loses sight of the job. Their responsibility for learning falls upon the shoulders of the learners who feel more invested and interested in the development process than ever before. Your groups and teams will use this powerful resource to create their own learning experiences. Plan projects and implement solutions. Discover new problem-solving techniques and much more. Two reasons to buy this book: read it from cover to cover and apply the concepts immediately. 1. Rothwell is one of the best authors in the performance improvement business, and 2. action learning is one of the most powerful performance improvement strategies. Sivasailam Thiagi, Thiagarajan, president, Workshops by Thiagi, editor, Thiagi Game Letter. *The Action Learning Guidebook* is clearly written and the content is excellent. The chapter on partnering with clients to determine real training needs is a gem. Dale M. Brethower, professor of psychology, Western Michigan University, president, International Society for Performance Improvement, ISPI. Rothwell, a legend in instructional design, gives your employees the tips and techniques they need to conduct reality-based action learning sessions. Teach groups to teach themselves.
