Gateless Gate Tr:

The Gateless Gate. Tr. from the Chinese Shih Hui-k'ai, **Buddha's Möbius Strip** Ja-Sung Oh, 2021-01-30 1 Now mankind is fighting against the Corona virus Everyday a lot of people are dying dead and suffering by the Corona virus circulating the world Heavier suffering and burden are given to the economical weak This is a very serious problem to be solved soon However it is only a small tip of big problem we are facing today The more serious and hard to solve problem like Gordian knot is the environmental problems of earth revealing the symptoms such as the marine pollution destruction of forest desertification climatic change and so on accelerated by the financial capitalism and tribal egoism As philosopher Nietzsche said mankind becomes the disease of earth At this rate Homo sapiens will disappear before the great flower of Earth Democracy begins to bloom This terrible result is the product of ego centric small reason dichotomous reason namely instrumental reason Such selfish exclusive reason constructs the vertical system of knowledge vertical relationship of possession and vertical ruling relationship at any cost We can not avoid greed opposition deception distrust conflict violence and war It is because the self is the genius of the lie and deception so confabulates endlessly to justify and rationalize himself or herself in order to maximize his or her benefits and pleasures We can not avoid the conflict between two monadic selves conflict between two logoi conflict between two benefits and conflict between two justifications So we can make a long list of cases of tragic violences and wars caused by the political leaders who was just a greedy liar swindler intellectual dwarf and sly hypocrite However the direction and way for the collective intelligence are clear and distinct It is inevitable to solve the pains of mankind and all living bodies of earth 2 The collective intelligence of mankind has explored and tried to discover the ultimate truth and to actualize the democracy incessantly Science and philosophy are the tracks of hard fighting of brave men in order to make the good world where the universal truth is alive in the justice and democracy The collective intelligence of mankind has achieved the incessant progress through the Copernican changes in scientific truth Science has escalated the status of human beings continuously in the universe All human beings are equal extremely precious and solemn Being allowed to parody Wittgenstein now it is time to keep silent about the affairs which are not coincident with the truth of science in order to keep the infinite value and dignity of human beings It is because the substantialization of false concepts allows all kinds of liars and swindlers to win the games pleasantly while justice keeps silent and human happy life and peace of earth are destroyed in the white screamings Contemporary great philosopher Deleuze overturns such false concepts decisively and opens new metaphysics and ethics based on the contemporary sciences Deleuze s philosophy of multiplicity and event is very close to Buddha s philosophy of Dharma and Middle Way which is also very scientific and practical Middle Way is the ultimate truth and it is the single unique solution to solve the problem of earth ultimately It is time we need to pay attention seriously on Deleuze and Buddha if we wish to live in justice democray freedom peace and happiness 3 This book compares the same points and different points with selected several keywords in the epistemology ontology and practical

theory between Deleuze and Buddhism Both will go forward together for the democracy peace and happiness of earth Michel Foucault predicted that the 20th century will be considered as that of Deleuze which will never be a joke or an exaggeration We can enter into the Buddhism and come out of Deleuze and vice versa MUSASHI: The Way of Strategy Páll Thormod Morrisson,2025-04-18 Miyamoto Musashi was a legendary figure of the Japanese warrior tradition dedicated to the pursuit of enlightenment by way of strategy and the sword A wandering samurai and master of strategy he retired to the spiritual asceticism of a cave after a life of duelling and bloody battle to put his secrets down in writing The result was Gorin no sho his classic Five Rings Book P ll Thormod Morrisson examines Gorin no sho and its insights on strategy kenjutsu philosophy and mystical awareness with reference to other works by the master seeking to shed fresh light on Musashi s way of the warrior Zen-Existentialism Lit-sen Chang,2011-07-21 Modern man has found that material achievements are failing him but in his escape from despair he has become an easy prey for the deceptive cult of Zen Existentialism There has emerged a mode of radical New Humanism with its emphasis on human autonomy In place of the God man appears the man god There is a search for the world within the limitless inner space the expansion of consciousness and the transcendental experience of Satori First published in 1969 this book prophetically anticipated the growth of New Age developments in the decades to follow Lit sen Chang directly spoke to the Hippie movement of his day which was then seeking various means of transcendence through drugs and eastern mysticism This book also reflects fifty years of bitter experiences of the author s spiritual pilgrimage and shows how he was miraculously delivered by the grace and power of God from his cul de sac Chang writes of the utter futility of the fantasy of the East analyzes the root causes of the crises in the West and points out the doom of auto soterism after his careful diagnosis of the human problem in cultural philosophical religious and theological terms
