The Middle Ages in the Modern World Bettina Bildhauer, Chris Jones, 2017-09-28 This book provides many fresh perspectives on why and how the Middle Ages continue to matter so much in the 21st century It is therefore as much about recent cultural and political history as it is about medieval history and medieval literature The introduction provides a long overview of medievalism from the 14th to the 21st centuries

Islam, Christianity and the Mystic Journey Ian Richard Netton, 2011-04-30 This distinctive comparison of Islamic and Christian mysticism focuses on the mystic journey in the two faith traditions

Queens of the Wild Ronald Hutton, 2022-05-31 A concise history of the goddess like figures who evade both Christian and pagan traditions from the medieval period to the present day In this riveting account renowned scholar Ronald Hutton explores the history of deity like figures in Christian Europe Drawing on anthropology archaeology literature and history Hutton shows how hags witches the Fairy Queen and the Green Man all came to be and how they changed over the centuries Looking closely at four main figures Mother Earth the Fairy Queen the Mistress of the Night and the Old Woman of Gaelic tradition Hutton challenges decades of debate around the female figures who have long been thought versions of pre Christian goddesses He makes the compelling case that these goddess figures found in the European imagination did not descend from the pre Christian ancient world yet have nothing Christian about them It was in fact nineteenth century scholars who attempted to establish the narrative of pagan survival that persists today
