

Learning About the Environment

First Nations Australians can get everything they need from the environment in two. Plants and animals can be used for food, medicine, clothing, tools and shelter.

My family thinks about how we use plants and water them into pots (herb plants) or soil (green plants)

Exploring Environments

Sharing and Teaching

Every First Nations Australian language group is special and knows different information about their Country and Place.

Our family knows how to find water in the roots of their favourite trees. This is helpful if there isn't a lot of water around.

What is the name of your local First Nations Australian language group?
