

Filipino Politics: Development and Decay

DAVID WURFEL

The 1988 "people power" revolution that ousted Philippine dictator Ferdinand Marcos and installed the gentle democrat Corason Aquino is a story of archetypal appeal which has attracted international media attention. David Wurfel deepens our understanding of the development of democracy in the Philippines, offering the most comprehensive account of Filipino politics from 1945 to the present available in any language. *Filipino Politics* provides both a detailed history of the cycles of strengthening and decay of Filipino institutions and an up-to-date analysis of conditions that continue to threaten the creation of a stable popular government.

A rich source of previously inaccessible information, *Filipino Politics* will be welcomed by political scientists, historians of the Philippines and of Southeast Asia, and by policy makers, journalists, and others concerned with the ongoing political crisis in the Philippines.

DAVID WURFEL is Professor of Political Science at the University of Windsor, Ontario. A graduate of San Diego State University, he received his M.A. from the University of California, Berkeley, and Ph.D. from Cornell University. The editor of *Ataji Japan's Centennial: Aspects of Political Thought and Action* (1977), he has published articles in several multi-contributor volumes.

1 | The Historical Legacy

To understand recent political change in the Philippines, we must appreciate the legacy of the past. For this purpose I have divided Philippine history before 1972 into eight, very uneven periods. For the first five periods—pre-Spanish, Spanish, revolutionary, American, and Japanese—I emphasize those contributions to political culture, socio-economic structures, and institutions which are particularly relevant to the contemporary political system. For the three postwar periods—1946–49, 1950–61, 1962–72—the emphasis is on events and trends whose historical legacy cannot yet be discerned.

Pre-Spanish Era

Before the Spaniards arrived, the inhabitants of the Philippines were a diverse agglomeration of peoples, almost all of Malay ethnic stock. As late as the fifteenth century, hunting, fishing, and shifting cultivation were the primary occupations, with sedentary wet rice cultivation practiced in only a few locations. The *barangay*, a kinship group of fewer than one hundred households, was usually the largest political unit and was headed by a *datu* or chieftain.¹ Animism was the religion of the early Filipino. Emphasis was for the time unbalanced.
