**From CSCW to Web 2.0: European Developments in**

**Collaborative Design** David Randall, Pascal Salembier, 2010-03-24 Many challenges were identified in CSCW some thirty years ago and some of these remain problematic today However they are being progressively transformed and this edited

volume contains contributions that demonstrate how these new challenges are being dealt with in a variety of ways reflecting the balance of rigour and creativity that has always characterised the field Originally presented at COOP 08 which took place in Carry le Rouet France in 2008 the contributions to this volume have been substantially extended and revised New technologies new domains and new methods are described for supporting design and evaluation Taking a progressive and critical stance the authors cover a variety of themes including inter organisational working non task based environments creativity and the development of Web 2 0 and even Web 3 0 applications including new cooperative mechanisms and new classification possibilities

The British National Bibliography Arthur James Wells,2005
