**Awake Where You Are** Martin Aylward, 2021-11-02 The body is of course integral to meditation but there are only a few books that focus this specifically on the body and the meditative experience Awake Where You Are addresses that need and additionally integrates psychological concepts which provides a more familiar entry point for people less familiar with Buddhism Embodied awareness is the way back home intimacy with where and how we are right now with what is happening and how we are meeting it My intention is to lead you into the heart of your life Inside your body where everything happens within a quality of listening rather than knowledge of feeling rather than reaction This meditative practice is radically transformative Martin Aylward Pulled around by desires and distractions we re so easily disconnected from ourselves Life is happening right in front of us and within us but still we manage to miss so much of it Awake Where You Are provides the antidote inviting us to go deep into our own bodies to inhabit our sensory experience carefully to learn the art of living from the inside out and in the process to find ease clarity and an authentic unshakeable freedom The practices in the book literally bring us back into our skin where we can reconnect with a more rich meaningful and peaceful life Aylward writes with sophisticated subtlety as well as the heart opening simplicity and clarity born of deep experience And this book is more than a meditation guide it s a guide to living an embodied life You ll learn about the following areas and practices Understanding and liberating our primal human drives Aylward explains how the three primary drives survival sexual and social function within us and how we can engage their energy to explore understand and liberate them Integrating psychological understanding with meditative practice Awake Where You Are goes beyond the broad brushstrokes of Buddhist psychology inviting the reader into an exploration of their own particular psychological history and conditioning Investigating the nuances of love Readers will learn to see the classical Buddhist heart qualities or brahmaviharas loving kindness compassion appreciative joy and equanimity as distinct flavors of love and as the natural resting places of a free heart Martin is a marvelous teacher and offers us the refreshing wisdom of an embodied life Jack Kornfield author of No Time Like the Present
