Called to Account takes a broad perspective on how financial frauds have shaped the public accounting profession by focusing on cases of fraud around the globe. Ever entertaining and educational, the book traces the development of the accounting standards and legislation put in place as a direct consequence of these epic scandals. The new edition offers updated chapters on ZZZZ Best and Arthur Andersen plus new chapters devoted to Parmalat, Satyam and The Great Recession. Through stories like Barry Minkow's staged construction sites and MiniScribe's fake inventory number generating computer program, Cook Book students will learn that fraud is nothing new and that financial reform is heavily influenced by politics. With discussion questions and a useful chart showing instructors and students how each chapter illustrates the topics covered in other textbooks, Called to Account is the ideal companion for any class in auditing, advanced accounting or forensic accounting.

The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and gripping novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
