

5 tips for
FIRE SAFETY AT HOME

Fire is a serious hazard in the home, but there are many things you can do to prevent fires and keep your family safe.

HAVE A ESCAPE PLAN

Have a fire escape plan and practice it with your family at least twice a year. The plan should include two ways to escape from every room in your home, as well as a meeting place outside.

HAVE FIRE EXTINGUISHERS

Make sure you know how to use it and keep it in an accessible location.

HAVE SMOKE DETECTORS

Install smoke detectors on every level of your home, inside bedrooms and outside sleeping areas. Test them every month and change the batteries twice a year.

DON'T BE A HERO

If you see a fire, don't try to put it out yourself. This is especially true if you're not trained in fire safety. Instead, call 999 and let the firefighters handle it.

CHECK FIRE ALARMS

A fire alarm can alert you to a fire early, giving you time to escape. Install a fire alarm on every level of your home, and test it monthly.
