Wang Anshi and Song Poetic Culture Xiaoshan Yang,2022-03-07 A poetic culture consists of a body of shared values and
conventions that shape the composition and interpretation of poetry in a given historical period This book on Wang Anshi
1021 1086 and Song poetic culture the first of its kind in any Western language brings into focus a cluster of issues that are
central to the understanding of both the poet and his cultural milieu These issues include the motivations and consequences
of poetic contrarianism and the pursuit of novelty the relationship between anthology compilation and canon formation the
entanglement of poetry with partisan politics Buddhist orientations in poetic language and the development of the notion of
late style Though diverse in nature and scope the issues all bear the stamp of the period as well as Wang Anshi s distinct
personality Conceived of largely as a series of case studies the book s individual chapters may be read independently of each
other but together they form a varied if only partial mosaic of Wang Anshi s work and its critical reception in the larger
context of Song poetic culture **Three Hundred Tang Poems** Peter Harris,2009-03-31 A new translation of a beloved

300 Tang Poems: Bilingual Edition, English and Chinese Dragon Dragon Reader, 2016-05-27 This

bilingual edition of 300 Tang Poems features both English and Chinese side by side for easy reference and bilingual support. The poems are numbered and organized for easy reading and access. Tang poetry refers to poetry written in or around the time of or in the characteristic style of China's Tang dynasty (618-907) and follows a certain style often considered as the Golden Age of Chinese poetry. During the Tang Dynasty, poetry continued to be an important part of social life at all levels of society. Scholars were required to master poetry for the civil service exams, but the art was theoretically available to everyone. This led to a large record of poetry and poets, a partial record of which survives today. Two of the most famous poets of the period were Du Fu and Li Bai. This classic collection of 300 Tang Poems features the English translation of Witter Bynner, reprinted with the generous permission from The Witter Bynner Foundation for Poetry.
