Mahoney,2013-04-25 In Fifteenth Air Force against the Axis Combat Missions over Europe during World War II Kevin A Mahoney provides a detailed combat history of the crucial role played by this air force from November 1943 through May 1945 Presented by month in chronological order Mahoney describes all the major bombing and fighter missions carried out by this air force within a strategic context Each chapter includes an introduction describing developments in the evolution of the strategic air campaign against the Germans highlights the purpose and importance of the month s operations and reviews the Luftwaffe s resistance and changes in tactics and important developments in the Fifteenth Air Force s organization Each monthly narrative further explores most missions detailing the number of aircraft lost during these missions Losses are based on an exhaustively researched database compiled by Mahoney that contains details of almost 3 000 aircraft Target damage is mentioned while enemy opposition is also described for each mission Appendices include four short essays on bombing operations planning and flying of missions tactics and techniques bomb types and bombing accuracy tactics employed by fighter escort in aerial combat and strafing combat crews and their aircraft including a comparison of American fighters and bombers the training of the crews and their combat tours and the Fifteenth Air Force command structure including the use of intelligence photo and weather reconnaissance and the considerable effect of weather on Fifteenth Air Force operations This work of military history is ideal for students and scholars of the air war in Europe

**Congressional Record** United States. Congress,1945 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 **Great American Fighter Pilots of World War II** Robert D. Loomis,1961 **The History of the 363rd Fighter Group** Nick Marinelli,1992 **Attack of the Airacobras** Dmitriï Fedorovich Loza,2002 Focusing on the combat operations and daily life of one unit the 9th Guards Fighter Division Loza refutes the myth that the P 39 was used mainly as a tank buster or flying

artillery Instead its primary mission was to protect Red Army operations from aerial attacks by the enemy So despite the occasional strafing of trains truck convoys and troops most P 39 operations involved attacks on Luftwaffe bombers and dogfights with their fighter escorts BOOK JACKET **Arizona's War Town** John S. Westerlund,2003-10 Few American towns went untouched by World War II even those in remote corners of the country During that era the federal government forever changed the lives of many northern Arizona citizens with the construction of the U S Army ordnance depot at Bellemont ten miles west of Flagstaff John Westerlund now tells how this linchpin in the war effort marked a turning point in Flagstaff s history One of only sixteen munitions depots built between 1941 and 1943 the Navajo Ordnance Depot contributed significantly to the city s rapid growth during the war years as it brought considerable social cultural and economic change to the region A clearing in the ponderosa pine forest called Volunteer Prairie met the military s criteria for a munitions depot open terrain a cool climate plentiful water and proximity to a railroad and it was also sufficiently inland to be safe from the threat of coastal invasion Constructing a depot of 800 ammunition bunkers each the size of a 2 000 square foot home called for a force of 8 000 laborers and Flagstaff became a boom town overnight as construction workers and their families poured in from nearby Indian reservations and as far away as the Midwest and South More than 2 000 were retained as permanent employees a larger workforce than Flagstaff s total pre war employment roster As Westerlund s portrait of wartime Flagstaff shows prosperity brought unanticipated consequences racism simmered beneath the surface of the town as ethnic groups were thrown together for the first time merchants called a city wide strike to protest emerging union activity juvenile delinquency rose dramatically Flagstaff women entered the workforce in unprecedented numbers altering local mores along with their own plans for the future meanwhile hundreds of sailors and marines arrived at Arizona State Teachers College to participate in the Navy s V 12 program Whether recounting the difficulty of 3 500 Navajo and Hopi employees adjusting to life off the reservation or the complaints of townspeople that Austrian POWs transferred to the depot to ease the labor shortage were treated too well Westerlund shows that the construction and maintenance of the facility was far more than a military matter Navajo Ordnance Depot remained operational to support wars in Korea Vietnam and the Persian Gulf and today Camp Navajo provides storage for thousands of deactivated ICBM motors But in recounting its early days Westerlund has skillfully blended social and military history to vividly portray not only a city s transitional years but also the impact of military expansion on economic and community development in the American West *Argosy for Men* ,1962

The Airman's War Albert Marrin,1982 Examines the role of the air force in World War II including the nonstop bombing over Germany and the slow island by island battles in the Pacific **China-Burma-India Theater** ,1959 *Forever Remembered* Irv Broughton,2001 In recording the tales of a rapidly dwindling number of veterans Broughton has preserved the oral narratives of a generation Chronicled in this collection are the stories of the pioneering women and African American pilots who were instrumental in the foundation of flying units like the Women s Airforce Service Pilots and Tuskegee

Fighters There are also the dangerous and compelling tales of fighter Aces former prisoners of war and Medal of Honor recipients
