Ghetto Fire Fighter Harry J. Ahearn,1977 **Ghetto Firefighter** Harry J. Ahearn,1991-06-01 **The New Firefighter's Cookbook** John Sineno,1996 This collection of 200 hearty recipes from the kitchens of New York's Fire Department which sold more than 300 000 copies in previous editions combines the practical demands of firehouse cooking each meal must be made to order at a daily cost of no more than 5 00 per person with great ideas reflecting the ethnic diversity of New York's firefighters 38 line drawings The Fires Joe Flood,2010-05-27 New York City 1968 The RAND Corporation had presented an alluring proposal to a city on the brink of economic collapse Using RAND's computer models which had been successfully implemented in high level military operations the city could save millions of dollars by establishing more efficient public services The RAND boys were the best and brightest and bore all the sheen of modern American success New York City on the other hand seemed old fashioned insular and corrupt and the new mayor was eager for outside help especially something as innovative and infallible as computer modeling A deal was struck RAND would begin its first major civilian effort with the FDNY Over the next decade a time New York City firefighters would refer to as The War Years a series of fires swept through the South Bronx the Lower East Side Harlem and Brooklyn gutting whole neighborhoods killing more than two thousand people and displacing hundreds of thousands Conventional wisdom would blame arson but these fires were the result of something altogether different the intentional withdrawal of fire protection from the city's poorest neighborhoods all based on RAND's computer modeling systems Despite the disastrous consequences New York City in the 1970s set the template for how a modern city functions both literally as RAND sold its computer models to cities across the country and systematically as a new wave of technocratic decision making took hold which persists to this day In The Fires Joe Flood provides an X ray of these inner workings using the dramatic story of a pair of mayors an ambitious fire commissioner and an even more ambitious think tank to illuminate the patterns and formulas that are now inextricably woven into the very fabric of contemporary urban life The Fires is a must read for anyone curious about how a modern city works **Fire Command** ,1973 *Night Without End* Jan Grabowski,Barbara Engelking,2022-09-06 Three million Polish Jews were murdered in the Holocaust wiping out nearly 98 percent of the Jewish population who had lived and thrived there for generations *Night Without End* tells the stories of their resistance suffering and death in unflinching horrific detail Based on meticulous research from across Poland it concludes that those who were responsible for so many deaths included a not insignificant number of Polish villagers and townspeople who aided the Germans in locating and slaughtering Jews When these findings were first published in a Polish edition in 2018 a storm of protest and lawsuits erupted from Holocaust deniers and from people who claimed the research was falsified and smeared the national character of the Polish people *Night Without End* translated and published for the first time in English in association with Yad Vashem presents the critical facts significant findings and the unmistakable evidence of Polish collaboration in the genocide of Jews Death and

Library,1980 *Traces of the Litzmannstadt-Getto* Joanna Podolska,2004 **Counterfeiting the Holocaust** Alec S. Tulkoff,2000 The collecting of Holocaust artifacts can often result in an emotional and historical dilemma Survivors and some militaria collectors regard these items as stained with the blood of Holocaust victims and therefore should not be bought and sold However to honor the memory of those who perished and to keep a proper historical record these items must be preserved While a small contingent of collectors deal in Holocaust artifacts the vast majority of Holocaust oriented artifacts are purchased by individuals who intend to donate these items to museums This book is a reference and resource guide to help determine the authenticity of these artifacts and provides a detailed look at various Holocaust related artifacts in a manner that follows the experiences of the survivors and victims As an example the Germans identified some individuals with outward markings forced them to register pressed them into forced labor ghettoized and eventually deported them to concentration camps or labor facilities and due to the different times that these activities took place in conquered and occupied countries they are distinguished here by the action rather than by a general timeline for example Jews in occupied Poland were forced to wear Jewish badges in 1939 while this did not occur in Germany until 1941 The Holocaust is a difficult period of history to examine and although some of the photographs contained in this book are horrific in nature this book in no way trivializes the magnitude of the Holocaust by discussing the collection and identification of Holocaust related artifacts The issue at hand is the callous disregard by those who profit from the Holocaust by manufacturing and selling counterfeit and fake items Alec Tulkoff has been a collector of World War II militaria for the past twenty five years Over the past seven years he has taken an interest in Holocaust history and artifacts During the past two years while working at the SHOAH Visual History Foundation as a cataloguer he compiled the information and materials contained in this book As a cataloguer in the Foundation he had the opportunity to hear hundreds of first hand Holocaust survivor testimonies Tulkoff has worked hard in combating the vast amount of Holocaust artifact fraud that has spread in the collecting community and has posted a website dealing with this fraud and also publishes a quarterly newsletter on this topic **Ghetto Medic** Rachel Hennick,2012 *Ghetto Medic* A Father in the Hood is the gripping true story of Bill Hennick a firefighter and paramedic in Baltimore a city with the busiest fire stations in the U S As a child Bill survives a horrific fire Later he joins the still segregated fire department at the height of the civil rights movement witnesses the race riots of 1968 and battles the ensuing infernos After the Great White Flight Bill develops empathy for those people left behind He tries to make a difference by becoming a paramedic His story is set against the history of Baltimore known for its rich black heritage the home of jazz legends such as Billie Holiday and Cab Calloway He embarks on a spiritual journey as he risks his own life in caring for the poor in a city with one of the world s highest crime rates Back cover *AB Bookman's Weekly* ,1991 Architecture Series: Bibliography ,1984
