This excellent series is perfect for the voice student of any age. Songs have been carefully selected to include the easiest beginning material, advancing to some vocal challenges for the progressing singer. Keys have been carefully chosen to meet the needs of most students. This collection of largely American songs may be used to teach the same basic classical techniques of lyric singing as the traditional European art music repertoire, with terrific opportunities for interpretive development.

Compiler Joan Frey Boytim is a nationally recognized expert in teaching beginning voice students and has conducted workshops and seminars across the United States. She is compiler of the widely used series *The First Book of Solos (Parts I, II, and III)*, *The Second Book of Solos (Parts I and II)*, and *Easy Songs for the Beginning Singer (Parts I and II)*. She is also the author of the bibliography *Solo Vocal Repertoire for Young Singers*, published by the National Association of Teachers of Singing, as well as *The Private Voice Studio Handbook*, an indispensable resource for independent instructors.
