

Ready to start fishing?

It's proven that getting outdoors is good for your health. Fishing is a great way to experience and enjoy nature, but for a more exciting, productive trip, there are a few things you should know. Here are a few steps to help you get started:

STEP 1. Learn the basics.

The biggest step is getting started. You can build a good foundation by becoming familiar with your equipment and various fishing techniques. Start simple, learn skills as you go, and have fun!

WHERE ARE YOU FISHING?

From a boat or the shoreline? On a river or a lake? **Where** you fish will affect what you catch and how you go about doing it, like the equipment you will use.

WHAT DO YOU WANT TO CATCH?

The type of fish you're trying to catch will also determine the types of bait, rod, reel, and other equipment you will need.

2. HOOK
3. SINKERS
4. SWIVEL

STEP 2. Be prepared.

Before you head out to practice your fishing skills, be sure you have a **valid fishing or combination license** either on your person or downloaded onto the **Utah Hunting & Fishing mobile app**. Learn more about Utah licenses at wildlife.utah.gov/licenses.

Refer to the **Utah Fishing Guidebook** to become familiar with fishing rules and regulations here in Utah. It covers information such as legal fishing methods, waterbody-specific rules and daily limits for specific types of fish. You can find guidebooks online at wildlife.utah.gov/guidebooks.

STEP 3. Get out and fish!

Whether you want to catch catfish in a pond close to home or reel in a trout from a cool mountain stream, Utah has many outstanding places to go fishing. You can find useful information about fishing Utah's ponds, lakes, rivers and reservoirs on the **Fish Utah** website, located at fish.utah.gov.
