God Is An Abstract Artist:

God Is an Abstract Artist John Colantonio, 2004-07 Dauntless heroic audacious an experiment in human dignity and divine intervention our nation has lost its sense of destiny The sheer weights of fear and terror have us reeling into depression Nevertheless God is alive and well shining through the ozone layer of despair with penetrating rays of redeeming light God is an Abstract Artist takes us to places in our hearts that need healing comfort and encouragement We all have many questions and here we find a few answers but mostly honest revealing conditions of the real world Life is a process a journey a story that looks like an abstract painting As long as God has the paint brush in His hand we can more than survive but actually soar like eagles in His vast kingdom of creativity Come with me laugh cry and feel the pain and joy of being alive Come with me and see God face to face and heart to heart [ThirdWay](#) ,1992-04 Monthly current affairs magazine from a Christian perspective with a focus on politics society economics and culture **The Sufi Message of Hazrat Inayat Khan Centennial Edition** Hazrat Inayat Khan, 2016-12 The works of Hazrat Pir o Murshid Inayat Khan are one of the great spiritual treasures of the world At once deeply rooted in the Sufi tradition and strikingly original in insight and expression Hazrat s teachings remain as potent and meaningful today as they were when originally communicated a century ago with a message for every human mind and heart and indeed for humankind collectively For some time the need for a new popular edition of Hazrat Inayat Khan s collected works has been apparent With this in view Suluk Press now commences its series The Sufi Message of Hazrat Inayat Khan Centennial Edition The aim of this series is to provide the full set of Hazrat s best known teachings in a form that balances fidelity to his original words with sensitivity to the contemporary evolution of the English language **God in the Gallery** Daniel A. Siedell, 2008-10 An art historian develops a theological philosophical and historical framework within which to experience and interpret modern and contemporary art that is in dialogue with the Christian faith **The Art of God and the Religions of Art** David Thistlethwaite, 2008-04-01 The Art of God traces the progressive loss in the West of contact with or faith in a real created order and discusses the manifestations of this loss in fine art Making detailed reference to specific artists and works Thistlewaite shows how the diversity of our responses to modern art as well as that of previous centuries inescapably raises the question of truth This readable and thought provoking book breaks new ground as it links the pleasures of art to the dynamic character of God and asks what happens to creativity and to artists when the appreciation of God is absent It thus offers readers a fresh perspective from which to appreciate art FROM THE AUTHOR June 23 2009 All art historians must find a way of explaining the gap between the traditional art and modern Older art answered questions such as what was Henry VIII like The new is not so much about the world as about the breakdown in perceiving the world But some histories are still written as if art has followed a path of inevitable progress Others as if all beliefs that produce genuine art however weird are equally valid In my book I argue that modernism has produced a genuine art that grapples with perceived reality but that its real lack of content is disastrous When we see objects

that are essentially blank or empty and start to find them significant and powerful we ought to be getting worried To explain this I have developed an account of art which sees it as a given and delightful form of knowing that equips us for living in God's world But when the art area becomes part of the human agenda for unbelief independence and defining ourselves in the cosmos it ceases to be a window on reality It starts to function as a totem replacing thought a sub human icon for humanity However towards the end of the book I focus on the dynamism of the living God and the transformative power of his grace that can turn any modern form however desolate into a vehicle of truth and meaning When modernism plunges into the depths of not knowing it can seldom go so far that real humanity and truth are not discovered in the unlikeliest places
