From Text to Txtng Paul Vincent Budra, Clint Burnham, 2012-07-25 Literary scholars face a new and often baffling reality in the classroom students spend more time looking at glowing screens than reading printed text The social lives of these students take place in cyberspace instead of the student pub Their favorite narratives exist in video games not books How do teachers who grew up in a different world engage these students without watering down pedagogy Clint Burnham and Paul Budra have assembled a group of specialists in visual poetry graphic novels digital humanities role playing games television studies and yes even the middle brow novel to address this question Contributors give a brief description of their subject investigate how it confronts traditional notions of the literary and ask what contemporary literary theory can illuminate about their text before explaining how their subject can be taught in the 21st century classroom **Voice, Text, Hypertext** Raimonda Modiano, Leroy F. Searle, Peter L. Shillingsburg, 2016-06-01 Voice Text Hypertext illustrates brilliantly why interest in textual studies has grown so dramatically in recent years For the distinguished authors of these essays a text is more than a document or material object It is a cultural event a matrix of decisions an intricate cultural practice that may focus on religious traditions modern underground literary movements poetic invention or the irreducible complexity of cultural politics Drawing from classical Roman and Indian to modern European traditions the volume makes clear that to study a text is to study a culture It also demonstrates the essential importance of heightened textual awareness for contemporary cultural studies and critical theory and indeed for any discipline that studies human culture *Watch It* Nicholas Burbules, 2018-03-05 Watch IT is an examination of several critical issues in the potential of new information technology IT for education IT already central to many aspects of our lives is rapidly becoming an integral part of teaching and learning This book takes a close look at the positive and negative consequences of new technologies in the classroom In a series of interrelated essays the authors explore such issues as access credibility new approaches to reading and writing the glut of information privacy censorship commercialization and globalization *Byte*, 1988-10 **Human Factors in Computing Systems**, 1994 **Telecommunications Transformation** Erik Bohlin, Stanford L.
