Growing Up in a Culture of Respect Inge Bolin, 2010-01-01 Far from the mainstream of society the pastoral community of Chillihuani in the high Peruvian Andes rears children who are well adjusted creative and curious They exhibit superior social and cognitive

skills and maintain an attitude of respect for all life as they progress smoothly from childhood to adulthood without a troubled adolescence What makes such child rearing success even more remarkable is that childhood is not recognized as a distinct phase of life Instead children assume adult rights and responsibilities at an early age in order to help the community survive in a rugged natural environment and utter material poverty This beautifully written ethnography provides the first full account of child rearing practices in the high Peruvian Andes Inge Bolin traces children s lives from birth to adulthood and finds truly amazing strategies of child rearing as well as impressive ways of living that allow teenagers to enjoy the adolescent stage of their lives while contributing significantly to the welfare of their families and the community Throughout her discussion Bolin demonstrates that traditional practices of respect whose roots reach back to pre Columbian times are what enable the children of the high Andes to mature into dignified resilient and caring adults

Maxwell, 1999 This book is an integrated rhetoric and reader that presents a sequential approach to writing based on the reader's own interests, experiences, and background. The advantage of this book's sequential approach is that regardless of age or experience, each individual has knowledge of and compelling interest in the topics presented. Because the 44 readings present a variety of authors' styles and opinions, readers will come to appreciate different points of view from differing experiences. Readers will learn to select which writing patterns are best suited to the audience and purpose of a particular writing task. The writing assignments are cumulative and sequential, asking the reader to refer to previous assignments when writing new material, thus validating and heightening self-esteem through writing.
