## Forgiving Judas:

**Could Judas Have Been Forgiven?** Patrick Muntu,2021-08-05 Could Judas have been forgiven Did he ask for forgiveness Will an earthly court adjudge him unforgiveable Many questions surround the destiny and eternity of the man who sold his Lord and Master for thirty pieces of silver and committed suicide thereafter But even the divinity of Jesus in most people s psych makes Judas more accursed Patrick Muntu explores the minds of the opposing sides on these questions He sums up acknowledging the supremacy of God and conceding the fate of men to judge as men Could Judas have been forgiven is a question with an answer you should seek *Agape Elaion* Oren Watts,2004-08 Watts takes the reader inside certain biblical stories in order to experience the feelings and emotions of Bible characters and to learn principles about loving each other and God Biblical Studies *God Forgave Judas Iscariot - But How? Why?* Randall Spell,Mitchell Watrous,2018-10-12 For centuries Judas Iscariot has been labeled a traitor but is he actually the traitor that people think he is There is proof right in the Bible that shows that he may not have acted alone In fact Jesus did send Judas to betray him See the amazing evidence that questions the assumption of Judas betrayal Even if Judas was a traitor could GOD forgive him Theologically speaking Judas did repent and God did forgive him How Why There are two sins that cannot and will never be forgiven Can you find them *Exploring U2* Scott D. *Forgiving Judas* William Harmening,2007-05 In this critical assessment of the modern day Church William Harmening deconstructs many of its longest held beliefs and practices against the backdrop of our contemporary social milieu He approaches the subject head on peeling away the layers of archaic dogma to rediscover the core teachings of Jesus that have been lost through the centuries in the fog of institutionalized religion and ceremonial worship No area of the modern Church escapes his critique the clergy the Bible the structure and practice of the Church and even our popular conceptions of the Holy Trinity He ends with a final chapter in which he offers a model for a new kind of Church one that is socially relevant passionately ecumenical and empowered by the simple message of love and tolerance found in the story of the Cross Not since the writings of the radical theologians who came to the forefront during the 1960s has such an honest and thought provoking critique of the contemporary Church been offered

*Forgiving Judas* Peter Dunn,2020-03-08 This book is a story about forgiveness We know that the Lord commands us to forgive but that can be difficult We must ask ourselves would we be willing to forgive Judas We will look at two different disciples and how things turned out for them after choosing forgiveness over condemnation Don t let yourself die in unforgiveness when the path to life has already been purchased for us all The warfare surrounding unforgiveness can oppress God s people and keep them from the things God has for them such as healing deliverance and peace

*Mel Gibson's Passion and Philosophy* Jorge J. E. Gracia,2013-11-14 Mel Gibson s *The Passion of the Christ* has become one of the most controversial films ever made and it is already a blockbuster of cinematography Its defenders passionately regard it as one of the most moving and influential pieces of religious art ever created But its detractors argue with comparable vehemence that the violence and gore it contains its alleged anti-Semitism a particular take on the Christian message and the lack of historical and Biblical accuracy make it nothing more than a kind of political propaganda Father Thomas Rosica hailed as one of the great masterpieces of religious art but the secular humanist Paul Kurtz thinks of it as a political weapon in the hands of the religious right Film critics are divided in their judgment giving the film anywhere from no stars to five stars Regardless of what one thinks of the film however its impact both personal and social is beyond question

*Heal Yourself* P.K. Nesbit,2011-02-15 We think that on one hand there is our mind and on the other hand there is what seems separate from the mind physical body and the world Taking for granted that our perception is an objective tool for examining the

outside reality we end up in conflict with everything around us and with ourselves Our sickness and unhappiness is the proof that our mind is at war yet we are doing this onto ourselves When we realize that we are always in control we can disregard our false interpretation the senses are reporting us We will then realize what is of valuable and let go of valueless We need to question our habitual responses based on fears from the past and start fresh and learn to make new decisions based on the desire for inner peace and equality with everyone Everyone is aware of the same I as I am I is not divided All Power in it is the same and maximal it is one There is no other Power than this It has no parts It is perfectly united and at our disposal It is our daily bread Yet because we rather focus our attention on the outside body and the world we perceive ourselves split instead of united with all Creation When we change our focus and look at each fragment of conflict we chose to perceive and decide to let the division go and become aware of Oneness of I instead This is the decision for healing In the book I have described fragmentation of our thinking in many practical situations and how I dealt with them This process of undoing will heal the mind that will also reflect upon the body At first it was easier for me to practice undoing with children rather than adults I ran my own gymnastic school for twenty three years and by deciding to let it be a place of fun it became our mutual learning ground The school was completely transformed and provided many programs for joyous socializing In an open structure and noncompetitive environment the children learn the best The teacher can choose to be neutral peaceful and let children learn how to make their own decisions In the forgiveness process of letting go everyone needs be included because everyone is innocent The book does concentrate on clarifying the two thought systems that govern our thinking The choice is always ours In order to focus on the fundamental distinction between them I repeat the concepts illustrate them in practical situations and summarize the approach of changing of mind By completing the manuscript I have realized that all information I need is now at my disposal and I will receive more as I apply it more It is only the application that opens the door to understanding of what is the next step to take The purpose of all situations is our healing The sooner we respond to them in the peaceful way the faster our mind heals Yet we can take as long as we want to take The basic premise is that Power of God is within and how I feel is the direct result of what I think If I have problems I do not need to change the world in order to have Peace but to change what I think This is done through relationships People that are assigned to learn with us are constantly appearing in our lives I can assure you that you would not choose them yourself However you called them and they responded You are ready for them They present rather than an illusion of love They will bring more harmony and joy to your life than you could ever imagine Forgive them and you will see them truly Opening the door to everyone is the key to restoration of your true Self Welcome on board
