Fortreb On A Hill:

The city trip guide for Trikala (Greece) ,2025-09-26 **The Dragon's Eye** Jenelle Leanne Schmidt,2005-01-03 Ages ago when Aom igh was threatened by darkness the dragons granted a powerful gift to King Llian However fearing that it would fall into evil hands when he died the king hid the gift and it has lain undisturbed for half a millennia Now Aom igh is in danger again and it is up to the Princess Kamarie her eccentric maid Darby and the squire Oraeyn to seek out a way to save their kingdom Their journey will take them far from home and close to danger but if they succeed they will join two worlds together **The Art of the Genoese Colonies of the Black Sea Basin (1261-1475)** Rafał Quirini-Popławski,2023-09-20 Rafa Quirini Pop awski offers here the first panorama of the artistic phenomena of the Genoese outposts scattered around the Black Sea an area whose cultural history is little known The artistic creativity of the region emerges as extraordinarily rich and colorful with a variety of heterogeneous hybrid and intermingled characteristics The book questions the extent to which the descriptor Genoese can be applied to the settlements artistic production Quirini Pop awski demonstrates that despite entrenched views of these colonies as centres of Italian and Latin culture it was in fact Greek and Armenian art that was of greater importance *Signs of a Colonial Era* ,2009-01-01 In the street names of Hong Kong a rich history of the city can be found The authors in this illustrated book explore that history as they explain the origins and meanings of those names Through their exhaustive research *Signs from a Colonial Era* provides the stories behind the well known streets and those that are obscure and puzzling But a few have resisted their efforts so there is a chapter of mysteries to intrigue and challenge the reader This is a book to be read in two ways From the front you can find all the streets named after royalty or governors or other groups such as taipans and see the naming of streets as a narrative of Hong Kong s development and society In the other direction starting from the index it can be used as a reference book to find the answers to those names that have long puzzled you The bilingual author team gives the Chinese street names exploring those that were just chosen to sound like the English name and sometimes changed to avoid unfortunate Cantonese meanings and those others for which the Chinese name has no connection with the English one This is a book for everyone who has ever puzzled over a street name as they explore Hong Kong *The Geological Record of Neoproterozoic Glaciations* Emmanuelle Arnaud,Galen P. Halverson,Graham Shields-Zhou,2011 In recent years interest in Neoproterozoic glaciations has grown as their pivotal role in Earth system evolution has become increasingly clear One of the main goals of the IGCP Project number 512 was to produce a synthesis of newly available information on Neoproterozoic successions worldwide This Memoir consists of a series of overview chapters followed by site specific chapters The overviews cover key topics including the history of research on Neoproterozoic glaciations identification of glacial deposits chemostratigraphic techniques and datasets palaeomagnetism biostratigraphy geochronology and climate modelling The site specific chapters include reviews of the history of research on these rocks and up to date syntheses of the structural framework tectonic setting palaeomagnetic geochronological

constraints physical biological and chemical stratigraphy and descriptions of the glaciogenic and associated strata including economic deposits
