Foundations Of Christianity:

Foundations of Christianity (Routledge Revivals) Karl Kautsky, 2014-01-09 First published in 1925 Karl Kautsky presents a Marxist history of Christianity and Christian society Divided into four key sections the book begins by considering the personality of Jesus as portrayed within Pagan and Christian sources and highlighting the Church's difficulty in presenting a unified and concurrent image of Jesus and interpretation of His words Next Kautsky analyses the structure of Roman society with particular emphasis on the slave holding system the Roman State and the historiography of the period In the third section an early history of the Jewish people is presented whilst the final section discusses the beginnings of Christianity and the social struggles present within early Christian society This is a fascinating reissue which will be of particular interest to students of Church History Christian theology and the various interpretations of Jesus Foundations of Christian Faith Karl Rahner, 1998 *Christian Foundations* Kathleen R. Fischer, Thomas N. Hart, 1995 I found myself praying from Christian Foundations in new ways Of course like most academics I had heard it all before But I haven't not this way at least It was truly an experience of talking to God while thinking about God not a bad way to do theology Needless to say I will use it with my undergraduates Dr Thomas Groome Boston College Antisemitism and the Foundations of Christianity Alan T. Davies, 1979 No one would disagree with the assessment that Christians over the centuries have been guilty of antisemitism sometimes with barbarous results The real question is not whether individual Christians have been antisemites but whether antisemitism is somehow ingrained in the very roots of Christianity in its very essence Rosemary Ruether has declared that antisemitism is the other side of Christology the inevitable fallout of placing Jesus at the right hand of the Father The contributors to this volume consider that larger question from several vantage points their findings are vitally important for Christians and Jews alike Not only do they explore the beginnings of Christian antisemitism they help us understand the dynamics of the religious impulse for all peoples and all times Publisher **Fundamentals of Early Christianity** George Luther Clark, 1928 **A Bold New Foundation for Christianity** Charles R. Bond, 2016-06-23 MODERN EVENTS CHALLENGE RELIGIOUS WORLD UNDERSTANDINGS Mr Bond as a scientist outside the religious establishment and not subject to its conforming pressures dares to address today's several internet collections of supernatural experiences His startling conclusion is that a transcendent God has been working in our world However he begins the book by addressing traditional Christians unfounded beliefs in many literal Bible understandings declared as timeless truths as derived from oral histories allegorical writing styles and beliefs in the Old Testament God The liberal church is observed as working to constructively de-mythologize many such traditional beliefs but only responding with various new understandings and beliefs in the God Jesus called his metaphorical father Two modern internet sites are shown as revealing a transcendent God making supernatural mind interventions in deathbed visions near death experiences and God originated personal directives By analyzing the many reported directive experiences Mr Bond believes such God initiated

mind interventions are also found in several important New Testament stories Thus long regarded as mythological like many others these stories instead establish God was actually intervening in the life of Jesus and later many of his apostles in what can be called the beginning of Christianity The author s understandings thus provide a distinctive new foundation for the Christian religion that displace the few specific mythological beliefs now forming the foundation of traditional Christianity The author thus leads to belief in a supernatural God a Jesus even more firmly understood as inspired directly by God and a God still working with mind interventions in individual lives and deaths This Christianity thus is conceived with a distinctive new God centered foundation derived from analysis of real world experiences that should inspire modern minds in supporting Christianity

A CELESTIAL GOD IS RECOGNIZED AS WORKING IN OUR WORLD **Foundations of Christianity** Karl Kautsky,1973 *Restoring Our Christian Foundations: Restoring the Ancient Biblical Foundations of the Christian Faith* Fred D. Hofeldt M.D.,2010-04-12 Storm clouds are on the horizon and are hovering over the Judeo Christian community Returning to God s Word is our only hope for these troubled times On the cusp of these changing times a remnant is being identified and called out by the Holy Spirit to return to the foundational roots of Christianity The First Century Church of Jesus Apostles was vastly different from the church of today Their foundational strength was built upon the Rock of Jesus Christ and was founded upon the Biblical Hebrew Jewish customs of Jesus Christ and His disciples This book is a basic handbook a 101 Primer for reconciliation and restoration Its exposure to the rich Hebraic customs and traditions of Jesus day will bring a refreshing breath to traditional Christianity It s a call to return to the faith once delivered to the saints to prepare for eternity in God s city the New Jerusalem *Anti-Semitism and the Foundations of Christianity* Alan T. Davies,2004-01-09 No one would disagree with the assessment that Christians over the centuries have been guilty of anti Semitism sometimes with barbarous results The real question is not whether individual Christians have been anti Semites but whether anti Semitism is somehow ingrained in the very roots of Christianity in its very essence Rosemary Ruether has declared that anti Semitism is the other side of Christology the inevitable fallout of placing Jesus at the right hand of the Father The contributors to this volume consider that larger question from several vantage points Their findings are vitally important for Christians and Jews alike Not only do they explore the beginnings of Christian anti Semitism they help us understand the dynamics of the religious impulse for all peoples and all times The contributors to this volume include John C Meagher Douglas R A Hare Lloyd Gaston John T Townsend David Efrogmson Monika K Hellwig Gregory Baum John T Pawlikowski Douglass J Hall Alan T Davies Terence R Anderson and Rosemary R Ruether Foundations of Christian Faith Karl Rahner,1978 Christian Foundations: Basic Teachings Willis C. Newman,2010-04-30 The purpose of these foundation to Christian doctrines is to introduce new believers to the evangelical Christian Faith The studies are interdenominational in nature and brief in content The theology is conservative and evangelical reflecting those core teachings held dear by the Bible believing church through the centuries Denominational distinctives have been avoided **Foundations of Christian**

mean to be a Christian How can we live out this faith in practical ways in our everyday lives Why should we believe or follow
Christianity What makes Christianity true Through these 60 studies C A Wolcott answers these questions from various angles
giving solid reasons why we can trust the Bible why Christianity is indeed the only true religion and how we can live out this

For teaching to be successful it must be continuous and systematic This is the way children learn in school Their teachers
prepare a syllabus of lessons which take the children step by step through the different subjects they must study The
teachers have to spend a lot of time preparing the lessons they will teach In this respect the school is more successful than
the church Although there are obvious differences between the church and the school there are points of similarity too Both
institutions exist to impart knowledge to their members and both want them to understand and benefit from what they hear
and the information they are taught **The Theosophist** ,1890
