*Eric Fischl* Eric Fischl, Galeries d'art Sir George Williams, Sir George Williams Art Galleries, 1983\* **Eric Fischl** Erika Billeter, 1990-01-01 Eric Fischl Eric Fischl, University of Akron, Emily H. Davis Art Gallery, 1981 Bad Boy Eric Fischl, Michael Stone, 2013-05-07 In *Bad Boy* renowned American artist Eric Fischl has written a penetrating often searing exploration of his coming of age as an artist and his search for a fresh narrative style in the highly charged and competitive New York art world in the 1970s and 1980s With such notorious and controversial paintings as *Bad Boy* and *Sleepwalker* Fischl joined the front ranks of America artists in a high octane downtown art scene that included Andy Warhol David Salle Julian Schnabel and others It was a world of fashion fame cocaine and alcohol that for a time threatened to undermine all that Fischl had achieved In an extraordinarily candid and revealing memoir Fischl discusses the impact of his dysfunctional family on his art his mother an imaginative and tragic woman was an alcoholic who ultimately took her own life Following his years as a student at Cal Arts and teaching in Nova Scotia he describes his early years in New York with the artist April Gornik just as Wall Street money begins to encroach on the old gallery system and change the economics of the art world Fischl rebelled against the conceptual and minimalist art that was in fashion at the time to paint compelling portraits of everyday people that captured the unspoken tensions in their lives Still in his thirties Eric became the subject of a major Vanity Fair interview his canvases sold for as much as a million dollars and The Whitney Museum mounted a major retrospective of his paintings *Bad Boy* follows Fischl's maturation both as an artist and sculptor and his inevitable fall from grace as a new generation of artists takes center stage and he is forced to grapple with his legacy and place among museums and collectors Beautifully written and as courageously revealing as his most provocative paintings *Bad Boy* takes the reader on a roller coaster ride through the passion and politics of the art world as it has rarely been seen before Fischl : [an interview with Eric Fischl] Eric Fischl, Donald Burton Kuspit, 1987 *Eric Fischl - Art Fair Paintings* Eric Fischl, 2014-11 Eric Fischl Eric Fischl, Peter Schjeldahl, 1988 This book includes catalogue information plus 77 of Eric Fischl's oil paintings from 1980 to 1987 35 of his works on paper and 12 seminal glassines Eric Fischl Eric Fischl, Bruce W. Ferguson, Jean-Christophe Ammann, Donald Burton Kuspit, Mendel Art Gallery, 1985 **Realism** Kerstin Stremmel, 2004 Each book in Taschen's Basic Art movement and genre series includes a detailed introduction with approximately 30 photographs plus a timeline of the most important events political cultural scientific sporting etc that took place during the time period **Replications** Whitney Davis, 2010-11-01 The twelve interdisciplinary essays collected here explore what Whitney Davis calls replication in archaeology art history and psychoanalysis the sequential production of similar artifacts or images substitutable for one another in specific contexts of use Davis suggests that while archaeology deals with the physics of replication its material conditions and constraints psychoanalysis deals with the psychics of replication its mental conditions and constraints Because art history is equally interested in the material properties and in the personal and

cultural meaning of artifacts and images it can mediate the interests of archaeology and psychoanalysis Thus Replications explores not only the differences between but also the common ground shared by archaeology art history and psychoanalysis focusing for example on their mutual interest in the style of artifacts or image making their need to treat the nonintentional or nonmeaningful element in production and their models of the subjective and social transmission of replications in the life history of persons and communities Replications is an original contribution to an emerging field of study in domains as diverse as philosophy cognitive science connoisseurship and cultural studies the intersection of the material and the meaningful in the human production of artifacts Davis develops formal models for and theories about this relationship exploring the ideas of a number of philosophers historians and critics and presenting his own distinctive conceptual analysis
