characteristic of the building of God is that it is a personal building that is a person the corporate God man When our Lord Jesus Christ came through incarnation to be a man the God man He Himself was a building John 1 14 2 19 21 The Lord Jesus Himself as the mingling of God and man was God s building in miniature As an individual man He was both the tabernacle and the temple However God s goal is to enlarge this individual building by multiplying Christ through death and resurrection and then working this Christ into our whole being until we are the same as He is in every way except in the Godhead The result will be a corporate building which is a corporate person the bride of Christ and the wife of the Lamb God s goal in the whole universe is to gain such a spiritual organic and personal building Last of all we include a report concerning a recent international blending conference in Accra Ghana West Africa **Glory train** Louis Capson,1971
