Crystals for Beginners
Anodea Perrakis, 2020-10-22. If you want to understand why crystals and gemstones have a magical healing power and how to make them work to get health and positive energy in your life, then keep reading. Crystals have power, and there is a way to harness it. From the dawn of time, crystals have been a source of power and healing for all living beings. Humans discovered that these magical stones could do miraculous things, and so built their cultures around them. They used them to create powerful magic, they gave them to their rulers to give them divine guidance, and they used them to make their average lives more magical in even the smallest ways. In modern times, crystals play a crucial role in our lives; they are utilized in technology. However, the true power of crystals goes beyond parts of a motherboard and cell phone screens. Crystals have never lost their magical touch, and this book will guide you through the world of crystals and teach you many things about them, such as the following: The miracle of how crystals are born. The multiple shapes of crystals. Where crystals get their powers. Why the appearance of a crystal can guide you. The reason why you and your loved ones can use crystals, even if you're completely different. What these magical little stones have to do with chakras and meditation. How you can use crystals to improve your life, even if you've never tried crystal healing before. Which crystals you should use for what it is you want to do. Many do not believe that crystals have any power regarding any supposed healing properties, as mumbo jumbo. They might say crystal healing is nothing more than a placebo, and your mind is tricking itself into thinking crystals are magical, but they're wrong. You and I both know better than that. A single crystal might not have the power to shoot magical laser beams that can destroy the whole universe, but we know that somewhere deep inside every amethyst, rose quartz, and malachite is the power to channel our psychic powers, attract love, and heal all kinds of pain and illness. Let this book be a map to guide you.

through the many wonders and abilities that these beautiful stones hold hidden just beneath the surface
